City Seeks Voter Approval for Motor Vehicle Fuel Tax

At the May 16, 2017 election, there will be a measure for establishing a \$0.03 motor vehicle fuel tax within the city of Stayton.

In Stayton, 9 miles of streets need reconstruction and 12 miles of streets need pavement overlays. The total cost of improving and maintaining the City's streets is estimated at \$23.5 million. A tax on motor vehicle fuels in the City of Stayton would generate funds dedicated to repair and upgrade City-maintained streets. Presently, Stayton's Street Fund is comprised of revenues from transportation maintenance fees shared state gas revenues and the Surface Transportation Program. The \$0.03 per gallon motor vehicle fuel tax is estimated to raise approximately \$165,000 per year and will contribute to the revenue necessary to being to properly maintain and improve City-maintained streets.

The City will be holding multiple Town Hall meetings to share the presentation and answer questions from community members. These meetings will be held at the Stayton Public Library in the E.G. Sigmund Meeting Room on these dates:

- Tuesday, April 18th at 6:30 p.m.
- Wednesday, April 19th at 1:00 p.m.
- Saturday, April 22nd at 10:00 a.m.

If you visit www.staytonoregon.gov/page/gov_election_FuelTax, you can view the presentation given to City Council at their February 6, 2017 meeting. In addition a downloadable version of the PowerPoint presentation, the City's Street Rating Guide, and a copy of the City's Street Ratings spreadsheet are available.

If you have any questions, don't hesitate to contact City Hall at (503) 769-3425.

Have You Joined Our Community Alert System?

Have you signed up for the community alert system through METCOM 9-1-1 yet? If not, you're missing out on a sure way to stay informed during critical moments in your neighborhood. Don't get caught up in the rumor mill of social media for important alerts. METCOM 9-1-1 shares accurate information provided by first responders on the scene of an incident.

This system works by alerting residents within a given geographical area of an incident. The alert will provide you with specific instructions and you will receive notification if there are updates or when an incident has ended.

Signing up for this service is simple and free. Go to METCOM's webpage at www.metcom911.com. Click on the METCOM 9-1-1 Alert System icon and you're on the way to staying informed. This process takes less than five minutes. If you have computer struggles, don't stress! You can call the Stayton Police Department directly at (503) 769-3423, and we will help you get registered. Also, please note if your primary phone is a landline through a local phone company, you're already signed up for alerts.

It's also now possible to text 911 from your cell phone. Of course, the preferred method is to call and speak to a 911 dispatcher. However, if that is not an option, you can now text the 911 center. To learn more about this feature, visit the METCOM website above, and watch the "Text 911" public service announcement.
