Right of Entry is Required for Debris Pickup Assistance

Did You Know? For wildfire debris removal, property owners must sign a Right of Entry access agreement to allow cleanup crews to enter their private property. The Environmental Protection Agency began working on the cleanup Oct. 19. This is the first step in the cleanup process and must be completed before, ash and debris removal.

For information on how to submit a Right of Entry form, visit your county government website or call 682-800-5737. To learn more about hazardous household waste and debris pickup, visit wildfire.oregon.gov/cleanup.

SBA helps businesses of all sizes, private non-profit organizations, homeowners, and renters fund repairs or rebuilding efforts and cover the cost of replacing lost or disaster-damaged personal property.

These disaster loans cover losses not fully compensated by insurance or other recoveries and do not duplicate benefits of other agencies or organizations. For more information, applicants may contact SBA's Disaster Assistance Customer Service Center by calling **800-659-2955**, emailing disastercustomerservice@sba.gov, or visiting SBA's website at www.sba.gov/disaster.
